

Thursday Night's Motor Races

A fine program has been arranged for the automobile and motor cycle race meet to take place at the Athletic Base Ball ground on next Thursday night. All of the events will be five-mile pursuit races, the competitors starting from opposite sides of the track. John A. Wells, winner at Point Breze on Decoration Day, will race his Howard steam carriage against one of the Locomobile Company's carriages, and a great contest is looked for. Oscar Eastlock, of Camden will race his auto car against Louis Kolb's Winter automobile, which will be a race for blood. Wayne Davis will race his Orient motor bicycle against Jack Greer on a Keating motor bicycle. It is claimed for these machines that each can go a mile in a minute. There will be several other match races, which will be announced later.
